

S. M. WILSON & CO. IS BUILDING NEW \$6 MILLION FIRE STATION HEADQUARTERS FOR CITY OF MAPLEWOOD

St. Louis, Mo., September 12, 2016 – The City of Maplewood, Missouri has selected S. M. Wilson & Co. to build a new \$6 million fire station headquarters to house the City's fire department. The 18,897 square foot facility is being built on City property just west of Maplewood City Hall and will replace the current fire station, which is more than 50 years old.

The first floor will feature offices, along with a training and multi-purpose room. Living quarters, a dayroom, kitchen and dining area will be located on the second floor. The fire station will also have three drive-through apparatus bays and a training tower.

The facility was designed and is being built to achieve LEED Silver Certification.

S. M. Wilson will provide pre-construction and construction management services for the project. It is scheduled to be completed in April 2017. JEMA is the architect for the project.

S. M. Wilson is a full-service construction management, design/build and general contracting firm with headquarters in St. Louis. S. M. Wilson is one of the largest general construction and construction management firms in the St. Louis area. The company posted \$305 million in 2015 revenues, and ranks 220th in Engineering News-Record's 2016 list of Top 400 commercial contractors nationwide. For more information,
