

# S. M. WILSON PROMOTES MIKE ASHLEY TO FIELD DIRECTOR

St. Louis, Mo., December 3, 2019 – S. M. Wilson & Co. has promoted Mike Ashley to Field Director.

His promotion comes with a recent restructuring of S. M. Wilson's Field Operations department. The Field Director position will replace the Director of Field Operations to allow for more than one individual to provide direct support, oversight, and mentorship for the field aspects of projects from pre-construction to close-out including support of superintendents and tradespeople.

Ashley was brought into the Field Operations department to assist former Director of Operations, Mike Zick and Ashley has demonstrated great value in the field as well as the company.

Both Ashley and Zick will assume the title of Field Director. In their new roles, they will each be assigned to specific clients and project teams. This will allow every team the benefit of a dedicated Field Director with the resources available to provide guidance and support.

Ashley joined S. M. Wilson in 2004 and has worked on a variety of projects including Ladue Schools, Link in the Loop, City Foundry STL and Clarendale St. Peters. He is OSHA 30 certified and has more than 40 years of experience in the construction industry.

S. M. Wilson is a full-service construction management, design/build and general contracting firm with headquarters in St. Louis. For nearly 100 years, S. M. Wilson has provided a complete range of services and has become one of the leading general construction and construction management firms in the St. Louis area. The employee-owned company is dedicated to going above and beyond expectations for their clients by putting people first. For more information, visit [www.smwilson.com](http://www.smwilson.com).
